

Learning and Teaching with Technology Faculty Showcase Thursday January 28, 11:00 AM-1:00 PM Wright 2140

Come learn how your colleagues are using technologies to enhance learning and efficiency in their online and hybrid courses. This event is brought to you by the Core Campus Learning and Teaching with Technology Committee. Three of the presenters will be showing work done with their 2015 LTT Challenge Grants. Nine brief presentations will be followed by a buffet lunch with opportunities to socialize and ask further questions, view the latest in classroom presentation

technology, and for IUB and IUPUI faculty to meet and share ideas.

Lunch is sponsored by **CIM Technology Solutions** in Columbus Indiana. They will be demoing the jTouch and Monopad displays from InFocus and the latest projection technology from Epson and Classroom Orchestration. CIM is headquartered in Columbus but have offices around the country and were responsible for the new technology installed in Wright in 2015. Come and give feedback on

what you need in classroom presentation technologies.

Elizabeth Boling, Professor, IST, IUB; *Fast, cheap and fully customized: Single use chalk talks.*

Curt Bonk, Professor, IST, IUB; *Through the words of experts: Cases of expanded classrooms using conferencing technology.*

Frank DiSilvestro (Associate Professor, Adult Education) and **Umida Khikmatillaeva**, Doctoral Student (IST), IUB; *Capstone seminar e-portfolios: Motivating students and fostering reflective learning.*
