How Flipping a Class has flipped Korean Education

21st Century Education Revolution, <In Searching for Future Class I, II, III>

After listening to how present education has changed to serious situation
Always tried to overcome this problem.
Even though I'm working at press media, and was wondering why I didn't know about this issue until now.
And thought most of the people don't know about this issue.
Then I figured out, there should be a change.
Looking forward to the essential problem it has caused upon Education
